

Difference

“We can change the world and make it a better place. It’s in our hands to make a difference.”

Nelson Mandela

- 22nd April is Earth Day and this year’s theme is ‘Our Power, Our Planet,’ encouraging people to work together to make a difference in the world.
- The organisers say that every day is Earth Day, and that it’s small, consistent actions that bring about real change. The Earth Day website has a list of fifty ways we can make a difference to the planet.
- Is there one, small consistent change you could commit to?
- We may not be able to change the world, but we can make a difference.
- Is there someone you could talk with about taking action for the planet? Sometimes it can feel less overwhelming if we share the task with someone else - and it might be more fun to do something together!

“Anyone who thinks they are too small to make a difference has never tried to fall asleep with a mosquito in the room.”

The Dalai Lama
