

Endings

- We're nearly there! It's time to pack up our classrooms and enjoy the holidays.
- As you reflect on the past year, what are the challenges you have overcome? How has this helped you grow? In what ways are you stronger now than you were before?
- What makes you smile when you look back over the year? What are the things to celebrate?
- Are there new people you have connected with? Or people you have connected with in new ways? What can you take into the future from this?
- What are you most looking forward to in the days and weeks ahead?

'In every end is the seed of a new beginning. Water it well.'
