

We are looking forward to welcoming you to our **Healing Day** which this year aims to help us address the various issues that we have faced in recent months and provides a time for us to consider how we can bring healing for the many challenges, difficulties and sadness we experience.

Bishop James Newcome is Bishop of Carlisle and is currently Lead Bishop in the House of Lords for Health and Social Care. **He will give an opening address** affirming the importance of Healing Ministry in

our parishes and how all have a part to play.

This will be followed by the opportunity to join in with two out of three seminars which will repeat after a short break for lunch.

1. “Healing at Life’s End”

Bishop Newcome will lead us in thinking about the issues involved in Christian Healing at the end of life including aspects of the contemporary debate over assisted dying.

2. “Healing and How To Do It – High Church or Low”

led by Rev Valentine Inglis-Jones, Rector of Liphook and Bramshott and Rev Sam Duddles Vicar of St Nicholas’ North End Team Ministry. This seminar will look at practical ways of bringing Christian Healing into our parishes with our different traditions.

3. “Frozen with Fear: Understanding the impact of Trauma”

This seminar is led by Revd Canon Sarah Chapman previously Canterbury Diocesan Adviser in Healing and Wholeness. Sarah has experience of ministry particularly to those suffering from the impact of childhood abuse and in this seminar she will explore the effects of trauma on all of us.

Refreshments of tea/coffee, etc. will be provided but we suggest those attending bring their own lunch and if possible your own mug.

Following our seminars there will be a **Healing Service** in the Nave of the Cathedral with an opportunity to receive prayer ministry for any kind of need.

BOOKING

Places are £10 each (to cover costs). To book hover a smartphone camera over the QR code below or visit:
