

**The Parish Church of  
Saint George the Martyr  
Waterlooville**

# **The Parish Profile 2017**

**Gracious Father, we pray for your Church.  
Fill it with your truth, and keep it in your peace.  
Where it is corrupt, purge it;  
where it is in error, direct it;  
where it is right, strengthen and confirm it;  
where it needs help, provide for it;  
where it is divided, heal it,  
and unite it in your love,  
through Jesus Christ our Saviour.  
*Amen***

**The Parish Church of  
St. George the Martyr,  
Waterlooville**

## **PATRON: The Bishop of Portsmouth**

### **The Parish Setting**

St George the Martyr is the single Parish Church of Waterlooville with 4,209 homes and a population of 9,549 (2011 figures published by The Office for National Statistics in 2013). The town lies towards the north of the Diocese of Portsmouth close to the A3(M) and M27. There are excellent road links to London and the rest of the country. Havant and Cosham railway stations are 4.5 miles away with direct train services to London, Portsmouth, Gatwick Airport, Southampton and Brighton. Waterlooville is just a few miles from Portsmouth and Southsea with theatres, university, cultural activities, the Historic Dockyard and the outlet shopping centre of Gunwharf Quays. There are ferries to the Isle of Wight, the Channel Islands, France and Spain.

It is a thriving residential locality for many professional, trade and retired people. House prices are typical of the South East region. There is a variety of housing and statistics suggest that more than 80% of homes are now owner occupied. Employment within the parish is provided by educational, commercial, retail and light industry. There is no dominant employer. The Church lies within the town centre and is adjacent to an expanding retail park.

See Appendix 2 for further Demographic Information on Waterlooville.

The town is surrounded by accessible countryside typified by the South Downs National Park. The beaches of Hayling Island and Southsea and harbours at Langstone, Portsmouth and Chichester provide a range of leisure opportunities and are all within 15 miles of Waterlooville.

The Parish has one primary school with four others immediately adjacent. The majority of the children in the congregation attend local schools including St Peter's Catholic and St Albans CofE Primary Schools and Oaklands Catholic School. Good relationships with these schools have been fostered by the present Incumbent.

There are several residential and care homes for the elderly. Monthly Communion services are held at one of the care homes in the Parish.

### The Church

St George the Martyr Parish Church, St George's Way, Waterlooville, PO7 7EH

St George's Chapel in Waterlooville was consecrated on 26th January 1831. It was described as being 'in the Gothic style'. However, as the village grew, the Church needed more space and the original buildings became increasingly costly to maintain. By the mid-1960s serious consideration was given to a new building. The Church architect, Ken Makins, designed a building which incorporated parts of the old Church, including the tower and chancel. The worship at St. George's moved temporarily into the Church Hall, an adjacent building built as a Sunday school, while the original Church was demolished and its replacement constructed.

The new Church was consecrated in 1970. The Ken Makins' structure is an impressive open span, capable of seating some 280. It has an open elevated gallery at the west end housing a 1970 Hill, Norman and Beard organ (refurbished in 2015) and seating for a choir of 30. The interior of the Church is dominated by an eight foot crucifix, depicting the agony of Christ, which hangs over the altar. The furnishings of the interior reflect our Anglo-Catholic tradition and include Stations of the Cross, statues of Our Lady, our patron saint and a votive stand. The Church has an induction loop, public address system and Wi-Fi access. The induction loop and audio systems have been maintained in good order over their 25 years plus life with new microphones purchased in the last two years. The Wi Fi hub was installed in 2012 and expanded to give full coverage

to all church areas this year. Upgrades to the systems to enhance their suitability for music are under discussions between the PCC and Music Festival Committee

## Vicarage

The Vicarage, 5 Deanswood Drive, Waterlooville, PO7 7RR

Located in a quiet cul-de-sac 0.9 miles from the church, the Vicarage was built in 1986. It is a spacious two storey detached house, with double garage and ample off road parking. There is an enclosed rear garden backing on to Jubilee Park and surrounded by mature woodland. The garden is at a higher level than the park with no direct access. The garden has a substantial patio with gazebo which has been used for parish social activities. The house is fully double glazed with gas central heating. Accommodation includes two reception rooms, kitchen and cloakroom on the ground floor with five bedrooms and two bathrooms on the second floor. The Vicarage also has Wi-Fi access.

## **Worship and Ministry**

The liturgical tradition is Anglo-Catholic and uses vestments at all services and the Celebrant is normally assisted by the Church servers. Incense is used on High Feast days. The Reserved Sacrament is kept in the Chapel Aumbry and there are a number of housebound parishioners who are taken Holy Communion by the Incumbent or members of a volunteer lay team. There are currently two Sunday morning Holy Communion services, one spoken at 08:00 am and a sung service at 10:00 am using "Order One" from Common Worship. A weekly Holy Communion service is held at 10:00 am on Wednesdays. There is a monthly evening service at 6.00 pm plus services throughout the week during Lent. Additionally, there are further occasional day and evening services celebrating major Christian seasonal events or in support of other parish activities.

The average weekly attendance, counted during October 2016, was 146 adults and 9 children including weekday attendances, but this number increased at festivals. Midweek figures vary but 30 communicants are not unusual.

During school term time, Sunday School meets in the Church Hall during the Parish Eucharist and the children join the congregation at the Offertory.

## **Occasional Offices**

Periodical healing services

A Eucharist for the sick with laying on of hands.

Weddings (average of 3 per year)

Baptisms (an average of 40 per year)

Evensong

Devotions

Benediction

Compline

Stations of the Cross

Taize quiet evening worship with readings, chants and silence

## **Congregation**

The Electoral Roll total at the end of April 2017 was 177 including 71 not resident in the Parish

## **People and St George's**

### **Music and Choir**

Music is integral to the liturgy and worship at St George's. The Church is blessed with talented singers, paid organist and two assistants. They work hard and enhance the services and full Holy Week liturgies. There is a weekly choir practice led by the organist. The choir is affiliated to the RSCM and follow their patterns of training. There is a Church band, ably directed by a member of the congregation, which rehearses and plays at special services and parish events throughout the year.

### **Schools**

The Waterlooville administrative area contains fourteen infants and primary schools, two special needs schools, five secondary schools and two colleges. Two of the schools listed are within the parish: Queen's Inclosure Primary and the Waterloo Special Needs schools. Close relations are maintained with these two schools and in addition our previous Incumbent has been involved in schools outside the Parish by arrangement with other local clergy: Springwood Primary Schools (alternate weeks) and QI (every half term) have had regular assemblies, and occasional assemblies at Hart Plain Junior School and Mill Hill Primary School. All of these schools are involved in the Waterlooville Music Festival, though not every year.

Schools with their internet access details are listed in appendix 1

### **Staff Members**

The Living is staffed by the Incumbent, an Honorary Assistant member of the Clergy and a part-time Parish Administrator. The Parish Office is held in the Church and is staffed every Sunday after the 10:00 am service by volunteer members of the congregation and on Monday morning each week by the Parish Administrator. There is also the opportunity for people to make baptism and wedding enquiries after the 10am Eucharist service on a Wednesday.

## **Lay Involvement**

St George's is fortunate to have a wealth of talented, reliable, and hardworking laity. There are regular rotas for 'meeting and greeting', sidespersons, readers, altar servers and licensed individuals who administer the Chalice at the Eucharist and provide Home Communion. "George's Men" hold regular maintenance sessions working on the upkeep of the Church, Church Hall and grounds.

## **PCC**

The PCC is organised into sub committees, namely Finance and Fabric, Pastoral, Social and Fundraising, Church Hall and Communications. The Social and Fundraising Committee organises many events, notably the Christmas and Summer fetes and an annual shop or auction, an annual show or pantomime, quiz nights, Harvest parties and wine tastings.

Functional responsibility for the Church Hall lies principally with the Hall Committee drawing periodically from support from George's Men. Representatives from the PCC attend Deanery and Synod committees and report back. A full PCC meeting is convened ten times a year with an APCM held in April after the 10 am service.

## **Church Organisations**

### ***Sunday School***

Sunday School is organised by a team of 7 volunteers from the congregation with two of these volunteers leading an average of 9 children each week during term time. The lessons have been written by a member of the congregation and follow the liturgical calendar. There are a number of activities suitable for varying age groups with a bank of appropriate resources. The meeting includes prayer, craft, drama and singing. The Sunday School joins the congregation at Sunday Eucharist during the Offertory.

### ***Parent and Toddlers***

There is a weekly informal, open opportunity for parents/grandparents or carers with young children to come into the Church Hall to socialise, meet and support one another and for the children to play. This is run by a team of 5 volunteers.

### ***Thursday Market***

Originally set up by the WI, the St George's Market is held on Thursday mornings, in the Church Hall. It is run by a group of local people producing and selling home-made produce, craft products, plants and the like. In addition, it provides one of the Church's coffee mornings and forms part of the Church's outreach. 10% of the market profits are donated to Church Hall funds.

### ***Catering***

Coffee mornings, open to the public, are held each Wednesday, Thursday and Friday mornings. The Wednesday and Friday sessions are staffed by 20 volunteers from the congregation on a rota. Similarly, refreshments are available every Sunday after the 10 am service. Parish Breakfasts are held in the Church Hall a couple of times a year between the 8 am and 10 am services, to encourage each congregation to meet and to socialise. Lunches are held in the Church Hall on alternate Wednesdays during Lent, during Christian Aid week and following the Annual Parish Council meeting each year. Previously there has been a Seder meal on Easter Saturday with other evening meals held during the year on an occasional basis.

### ***Mothers' Union***

The 14 members of St George's affiliated branch of the Mothers' Union meet regularly, form the backbone of the St George's Prayer Group and lead the annual Lenten Study Group.

### ***George's Men***

George's Men is open to all men involved with St George's Church. Its formation has led to a strong bond between the men, resulting in monthly meetings to undertake church and grounds maintenance, a wide range of social activities and support to one another. In addition, the group undertakes the "heavier" tasks required for the WMF, Church Fête and various social activities.

### ***Tweenies***

An active group of some 36 ladies who meet monthly and enjoy a varied programme of social activities such as retreats, spa days, walks, quizzes, jewelry parties, talks etc.

### ***Inbetweens***

A lively group of some 6 young adults who have an active programme of social activities.

### ***Communications***

St George's News is the world's longest running Parish Magazine on the Internet – it was the first parish magazine on the web, our On-Line edition started in February 1996. You will find our weekly bulletin and many interesting articles here on a wide variety of subjects.

The Church is fortunate to have a dedicated group who maintain the website supplemented by a bi-monthly magazine for St George's. The St George's web site can be accessed via

Facebook, Twitter, the QR code or <http://www.stgeorges.Church>

The 2016 Harvest Festival service was broadcast on the web and Christmas Carol service broadcast on local radio, the website carries links to each of these

### ***Walsingham Cell***

A group of parishioners, led by the Incumbent, make an annual pilgrimage to the shrine of Our Lady of Walsingham with parties from other local Parishes.

All the above organisations, central to the life of our Church, are successfully maintained by the committed hard work of members of the congregation, largely without direction or financial support from the PCC.

## Church Hall

The Church Hall, adjacent to the Church, comprises entrance lobbies from both the street and from the Churchyard, an open auditorium, a stage with lighting and curtains, a committee room, accessible toilets, and a good-sized kitchen. The Hall is used by the Church and hired to outside organisations and individuals for a wide variety of events. Maintaining and complying with maintenance safety legislation is capably managed by the Hall Committee and a group of volunteers.

# Waterlooville Music Festival

## Waterlooville Music Festival

St George’s also hosts the indoor concerts of the annual Waterlooville Music Festival, extending over 9 days each year in June, attracting a total audience of around 4,500. With the enthusiasm and direction of the present Incumbent and an active team from the Church, the festival has grown from a zero base to a sell-out success over the last twelve years.

## **Links with other Churches**

### **Joint activities with the Catholic and Baptist Churches**

A number of joint activities take place with the other two town centre Churches each year:

- an annual Waterlooville Churches Together service
- manning a joint stand at the Waterlooville Summer Fete
- school carol services leading up to Christmas with St George's as the venue
- an annual Good Friday Walk of Witness with liturgy through Waterlooville
- Carol singing before Christmas at the Bandstand in Waterlooville
- Women's World Day of Prayer

There is an opportunity for further co-operation with the new Incumbents at both Sacred Heart Catholic Church and Waterlooville Baptist Churches. We believe there is more that can be done to build on the good relationships which already exist with our friends in Christ.

St George's also holds:

- a Palm Sunday procession, with the loan of a donkey from a local garden centre, beginning at various venues in Waterlooville and ending in the Church with the Holy Communion service.
- a well supported Christingle service on Christmas Eve.
- a Sunday School Nativity presentation during the Family Eucharist before Christmas.

### **The future:**

#### **Young People**

Engagement with young people continues to be an area of concern. The congregation is steadily ageing, there are families strongly committed to the Church but, despite the sterling work of our current Incumbent and lay workers, more remains to be done to draw young people to the worship of Christ and the love of God.

### **New Housing**

New housing areas, including Berewood with 2,500 and Wellington Park with 600 homes are in the course of development adjacent to the parish boundary. There are also new housing developments just completed and planned adjacent to the church. These developments are already resulting in new members joining our congregation with scope for more to come.

### **Funding**

St George's has a good record in paying its Parish Share and has succeeded in running a balanced budget in respect of regular activities. However, the expense of major repair works including replacement of the tower and the Sacristy roofs and internal redecoration of the Church interior have significantly depleted our capital reserves. The Parish Giving Scheme has been successfully introduced. Many other fundraising activities continue to take the time and effort of the St George's team. Keeping the books balanced and building up reserves is of ongoing importance.

### **Growth**

A group of three members, comprising of our present Incumbent and two Church Wardens, attended a three-day residential Leading Your Church Into Growth (LYCIG) course, arranged by the Portsmouth Diocese, in late 2016. A new committee has been set up to take this forward.

## **Qualities we are seeking in our Incumbent**

- A person comfortable with the Anglo-Catholic tradition who is keen to continue the liturgy at St George's by respectful celebration of the Sacraments.
- A person with the desire and skills to develop good relationships with the young people of the Parish and continue close contact with the local schools built up by the present Incumbent.
- A person with the talent to deal sensitively with the varying needs of our senior population.
- A person with the leadership skills which encourage, reassure and focus the work of individuals and Parish groups.
- A person with energy and commitment to contribute to the fundraising and social events of the Parish.
- A person with the interest and desire to continue and support The Waterlooville Music Festival.

In terms of a more up to date estimate of the area population, information has been obtained from Hampshire County Council who produces ‘Small Area Population Forecasts (SAPF)’. This data provides forecasts of the population for a variety of geographies. The population figures are broken down by age and gender and are forecast from 2014-2021. According to the site ‘Users should be aware that in the current economic climate forecasting future dwelling supply continues to be particularly difficult. The figures are the best projections available as at 1/4/2014 on a site by site basis taking account of the current market conditions’. <sup>1</sup>

Hayley.webb@havant.gov.uk

Waterlooville residents are predominantly White; English/Welsh/Scottish/Northern Irish/British, with 95 % of the population falling within this group. The second highest group is White; Other. This is reflected at borough level where 95% of residents fall within the White; English/Welsh/Scottish/Northern Irish/British, category. In the South East this category contains 85% of the population.

## Religion

The table below provides information that classifies usual residents by religion, for Waterlooville as at census day 27th March 2011.

	Waterloo Person Count Mar 11	Cowplain Person Count Mar 11	Purbrook Person Count Mar 11	Hart Plain Person Count Mar 11	Stakes Person Count Mar 11	Waterlooville Total Person Count Mar 11	Waterlooville Total Percentage	Havant Person Count Mar 11	Havant Percentage

Source: Office for National Statistics. Last Updated: 30 January 2013

As can be seen, 31% of residents stated they had no religion. Christian was cited as the most stated religion for the area. This is reflected both regionally and at borough level where 32% of Havant residents recorded no religion and 59% fell within the Christian religious category. For the South East generally, 28% stated they had no religion and 60% recorded their religion as Christian.

### 1. National Statistics

2. The Census asked respondents to identify who their landlord is and the results reflect the responses they gave. Individuals responding to the Census will report their understanding of their landlord and this may not reflect the actual management arrangements in all cases.

As can be seen from the table, a large proportion (38%) of residents live in homes owned with a mortgage or loan. The second highest proportion of residents own their own home outright. This is reflective of the overall statistics for Havant where the majority of people either own their homes outright or with a mortgage or loan. The proportion of people in socially rented homes from the council is lower in Waterlooville than for the Havant Borough generally, where 10% of residents fall into this category.

## Housing Composition

The table above provides a breakdown of the housing composition in both Waterlooville and the Havant Borough. The household composition with the highest proportion of residents is One Family Only; Married or Same-Sex Civil Partnership Couple; Dependent Children. The statistics are fairly reflective of the borough generally.

	Waterloo	Cowplain	Purbrook	Hart	Plain Stakes	Waterlooville Total	Waterlooville Total Percentage	Havant	Havant
	Household Count Mar 11		Household Count Mar 11	Percentage

**Hayley Webb**  
 Hayley.webb@havant.gov.uk

When the table above is broken down to focus on households with dependent children, the following picture emerges:

Waterlooville	Havant Borough			
	Household Count	%	Household Count	%
All households with dependent children	5728	28%	14287	28%
Lone Parents	1365	7%	3771	7%

Source: Office for National Statistics. Last Updated: 30 January 2013

The proportion of households with dependent children and lone parents with dependent children reflects that of the borough exactly.

Further breakdown of lone parents in the area show that lone parents are predominantly female and more than half of these parents are in employment. Waterlooville has a larger proportion of working lone parents than the borough generally.

Source: Office for National Statistics. Last Updated: 30 January 2013

<sup>1</sup>. Percentage figures have been rounded to the nearest per cent however the total in each case is 100%.

Data Waterlooville is very reflective of the borough generally. The majority of residents (45%) consider themselves to be in very good health with only 1% considering their health to be very bad.

Health data has also been provided for the Havant Borough generally. According to the most recent Health Profile of the borough compiled by Public Health England in June 2015, Deprivation is higher than average in Havant and about 21.3% (4,5000) children live in poverty. Life expectancy for men and women is similar to the England average.

In year 6, 18.1% (185) of children are classified as obese and the rate of alcohol specific hospital stays amongst those under the age of 18 was 50.8 (per 100,000 population).

In 2010, 27.3% of adults are classified as obese which is higher than the average for England. The rate for alcohol related harm hospital stays was 513 (per 100,000 population) which is lower than the England average. Around 224 deaths per year were smoking related. Estimated levels of adult physical activity are lower than the average for England.<sup>2</sup>

<sup>1</sup>National Statistics

<sup>2</sup>These data have been rounded to base 5 in order to protect small counts. Caution should therefore be exercised if aggregating these data to higher geographies.

<sup>3</sup>A very small number of claimants have either an unknown age or gender. These claimants are included within the area total but have been excluded from the age and gender breakdowns as they pose a small theoretical disclosure risk.

The table above is derived from statistics taken from the Department of Work and pensions at August 2012. It depicts the number of residents claiming Disability Living Allowance (DVLA). Data is not available for all wards that make up Waterlooville so no data is available for this area as a whole. Borough level data shows that the majority of claimants are aged between 25-49 which is reflected in the data available for three of the Leigh Park wards.

Source: Department for Work and Pensions. Last Updated: 23 April 2014

These data have been rounded to base 5 in order to protect small counts. Caution should therefore be exercised if aggregating these data to higher geographies. The introduction of Employment and Support Allowance (ESA) has implications for this dataset. The Employment and Support Allowance (ESA) was introduced in October 2008 and replaced Incapacity Benefit and Income Support paid on the grounds of incapacity for new customers.

Existing customers of Incapacity Benefits and Severe Disablement Allowance will remain on their current benefit. In the longer term, claimants will move onto Employment and Support Allowance as part of the regular customer review process. As a result of this change, data for Incapacity Benefit and Severe Disablement Allowance from November 2008 onwards will no longer include new claimants (apart from a small number of backdated claims).

The table above depicts the number of residents claiming Incapacity Benefit / Severe Disablement Allowance. Again data was not available for all four wards that make up Waterlooville so data for the area overall is not available for this. Again claimants in the 25-49 age bracket are the highest proportion of residents at borough level claiming these benefits. This is reflected in the two wards where data was available.

**Hayley Webb**

Hayley.webb@havant.gov.uk

## Deprivation

Indices of Multiple Deprivation (IMD) are produced by Communities and Local Government (CLG) to measure deprivation for every (LSOA) and local authority area in England. Separate Indices at LSOA level are provided for each of the seven domains of deprivation: (Income, Employment, Health deprivation and Disability, Education Skills and Training, Barriers to Housing and Services, Crime the Living Environment). This allows all 32,482 LSOAs to be ranked according to how deprived they are relative to each other. This information is then brought together into one overall Index of Multiple Deprivation.<sup>3</sup>

IMD Scores are not produced for wards but for Lower Super Output Areas (LSOA)s. Therefore in order to provide an accurate picture of where Waterlooville sits in terms of deprivation IMD scores have been provided on the following pages for each of the LSOAs that form each ward in Waterlooville. The table shows the overall IMD scores as well as showing the separate scores for each of the seven domains of deprivation. The data is derived from the most recent IMD publication from 2015.

Source: Department for Work and Pensions. Last Updated: 23 April 2014

<sup>1</sup>These data have been rounded to base 5 in order to protect small counts. Caution should therefore be exercised if aggregating these data to higher geographies.

<sup>2</sup>A very small number of claimants have either an unknown age or gender. These claimants are included within the area total but have been excluded from the age and gender breakdowns as they pose a small theoretical disclosure risk.

The information in the table above provides a count of Jobseeker's Allowance Claimants (JSA) by gender of claimant and 3 bands of age (16-24, 25-49 and 50 and over). JSA is benefit paid to people who are unemployed, but who are available for and actively seeking work. Again data was not available for all the wards that make up Waterlooville so data for the area overall is not available for this. What can be seen for the wards where data is available is that the percentage of claimants in each age bracket is generally reflective of the Borough. The majority sit in the 25 – 49 age bracket and the majority of claimants being male.

## Crime

Very little crime data is available at LSOA level. Therefore, as a guide some data has been examined at Havant Borough level.

The dataset below provides information on key offences from the Home Office's recorded crime series (April 12- Mar 13), which covers all 'notifiable offences' recorded by the police. This does not mean all criminal offences, as almost all of the more minor summary offences are excluded (even though the police may record them for their own investigations).

Offence	Offence Count for Havant	Offence Percentage Havant	Offence Count for South East	Offence Percentage South East
Violence with Injury	776	6%	39674	5%
Violence without Injury (Includes Harassment and Assault)	742	6%	44512	6%
Robbery	29	0%	3843	0%
Theft from the Person	45	0%	9463	1%
Criminal Damage and Arson	1176	10%	77557	10%
Domestic Burglary	239	2%	24504	3%
Non Domestic Burglary	398	3%	33425	4%
Vehicle Offences (Includes Theft of and from Vehicles)	536	4%	46796	6%
Drug Offences	373	3%	25963	3%
Sexual Offences	130	1%	7174	1%
Violence Against the Person Wounding or Other Act	2356	20%	121654	16%
Endangering Life	25	0%	1562	0%
Other Wounding	952	8%	46150	6%
Harassment Including Penalty Notices for Disorder	486	4%	29095	4%
Common Assault	734	6%	37051	5%
Criminal Damage Including Arson	1753	15%	102632	13%
Burglary in a Dwelling	287	2%	26842	3%
Burglary Other than a Dwelling	409	3%	37946	5%
Theft of a Motor Vehicle	159	1%	11752	2%
Theft from a Motor Vehicle	372	3%	41090	5%
<b>Total recorded crime</b>	<b>11977</b>	<b>100%</b>	<b>768685</b>	<b>100%</b>

As with the South East generally, violence against the person form the highest reported type of crime in Havant. This is closely followed by Criminal Damage including arson and Criminal Damage and arson. Again this is reflective of the South East generally.

According to Police.uk, in the year ending March 2015, the crime rate in Havant was about the same as the average crime rate across similar areas. However in the

Your Officer:  
**Hayley Webb**  
 Hayley.webb@havant.gov.uk

same time period the crime rate in Havant was slightly higher than average for the Hampshire Force area. The Force average was 58.07 (the total number of crimes over a twelve month period per thousand residents) and the average in Havant was 58.73. At this time crime rates were up in Havant compared with the corresponding quarter in 2014, as was the same with the whole Hampshire area.

## **Key Findings**

- At last count the total population for Waterlooville was 47987. It is currently forecast at 48355. 49 % are male and 51% are female.
- Waterlooville residents are predominantly White; English/Welsh/Scottish/Northern Irish/British ( 95%).
- The majority of residents (61%) cited Christianity as their religion.
- 38% of residents live in homes owned with a mortgage or loan. The second highest proportion of residents own their own home outright. The proportion of people in socially rented homes from the council is lower in Waterlooville than for the Havant Borough generally
- The proportion of households with dependent children and lone parents with dependent children reflects that of the borough exactly, with 28% of households having dependent children and 7% being lone parents.
- Deprivation is higher than average in Havant and about 21.3% (4,5000) children live in poverty.
- Waterlooville has four LSOAs (out of a total of 18 for Havant Borough) that fall within the top 20% most deprived areas in England.
- 22% of residents have Level 4 Qualifications and above. Less residents in Waterlooville have no qualifications compared to the borough generally.

In the year ending March 2015, the crime rate in Havant was about the same as the average crime rate across similar areas. However in the same time period the crime rate in Havant was slightly higher than average for the Hampshire force area.
