Role context

The Diocese of Portsmouth vision and strategy provide a framework for the life and ministry of parishes, chaplaincies, and deaneries of the diocese. It speaks of a diocese longing to be “a rejuvenating community of Jesus-centred, Kingdom-seeking disciples”.

As a diocese we have been inspired by a vision of Christ’s Body, the Church. A prayerful community which seeks God’s Kingdom in and for the world. A community where older people are treasured as the Church of *today* (rather than yesterday) and younger people find their place and voice as the Church of *today* (rather than of tomorrow).

So, as a diocese we would like to double the number of children and young disciples in our churches and ensure there is a thriving ministry to children and young people within reach of every household across south-east Hampshire and the Isle of Wight.

Leigh Park and its neighbouring parishes of Warren Park and West Leigh, form what was at one time the largest council estate in Europe, built to house people made homeless by World War 2 bomb damage in Portsmouth. The entire parish is in an area of significant deprivation.

St Francis Church, the parish church of Leigh Park, was built in 1963. The church is home to a small but committed and faithful congregation (Usual Sunday Attendance 35 adults

Jesus-centred, Kingdom-seeking

plus 4 children). The church worshipping community does not reflect the demographic of young families, with 54% of the congregation being 70+, compared with just 10% of the parish population being 70+ (2021 census). The church building is in a poor state of repair so currently offers limited opportunity as a centre for increased mission. There is a vibrant and impactful engagement with five local primary schools. However, this does not currently result in church attendance of families and children, and does not flow through to engagement with secondary age children or their families.

The local secondary school, **Park Community School** has 973 pupils on roll. Broadly in line with its 5 feeder primaries, Park Community School's current Pupil Premium Strategy records that 61% of its pupils attract pupil premium, around 2.5 times the national average.

The school's slogan is "Much more than just a school" and they have an established programme of community support which includes: food bank, uniform bank, pantry, weekly munch (for free school meal families, to eat as a family). The church is known and trusted within the Park Community School and has worked with the school on these community projects but has not had capacity to extend its reach to mission within the school. The school head has identified a "youth worker-shaped hole" in the school's resources and has approached the church to explore how they might deliver more to meet the pastoral and practical needs of the pupils and their families.

The Diocese of Portsmouth has been awarded £5.3m by the Church of England's Strategic Mission and Ministry (SMMI) board to support delivery of its rejuvenate strategy (Rejuvenate). This funding enables the appointment of a pioneer youth worker based in Park Community School, serving the needs of pupils and their families as part of the Leigh Park parish ministry team.
